## **Middleton Cup Message**

**May I take this opportunity to thank all those who have nominated for the ECL & Middleton Cup.**

**The response has been phenomenal with on average 45 nominations per match. So far, we have played four ECL games winning 3 and following on from last year the team performance and ethos has been brilliant.**

**Every player has played their part in the success but this makes the team selection for the MC incredibly difficult.**

**It is with great regret that some will miss out, myself and Tony have had many meetings and agonized over the selection.**

**There will be changes in the coming weeks as we have four consecutive weekends, I did not stipulate to be considered for selection you had to be available for all, we understand that there are other things in life. As such it will be more of squad rotation and some chopping and changing throughout the course of the campaign.**
